Re: Primary Areas(s) Designation

I understand:

- I will get a preference for being offered work in the area(s) I have selected.
- I will get a strike for not taking a call that is in the Primary area(s) I have selected.
- I can add or delete area(s) by signing the bottom of the Book and by filling out this form.
- If I do not designate an area the default rule will apply (i.e. my area will be all areas).

I want to select the following area(s): (Circle all appropriate areas)
